# OUR CHIEF MENTOR'S MESSAGE

# **OUR INSPIRATION**

Hon. Shree. Shashikantji Shinde
Water Resources (Krishna Valley Irrigation Corporation)
Govt. of Maharashtra
& Guardian Minister of Satara Dist.

In the present knowledge economy scenario, people who take the lead, at times fail to understand how they should take the advantage of the changes that the future will bring. The lack of on field and practical knowledge can be seen in the failure of the biggest projects.

Swaraj Institute of Management (SIM) gives you the experience in first understanding your strength and implementing them with the well established industries from across the globe. Seizing new opportunities, building coalitions for a better change and repeated delivery of innovation are not achieved by charisma alone.

SIM has been established by the Swaraj Education Society in order to provide the corporate world with executives who have the expertise to deal with industrial state of affairs. Your skill is enhanced by a rigorous training on how to analyze problems and opportunities along with practice under the supervision of the experienced.

Good Luck ...!

Shree. Shashikant Shinde

# Dear Students, It give me great pleasure to address you. The youth of the country is what exemplifies the true grit and courage of a nation. Keep steadily before you the fact that all true success depend at last upon yourself. We are all motivated by a keen desire for praise, and the better a man is, the mure he is inspired to glory. Events always happens that you really believe in; and the belief in a thing makes it happen. The surest way not to fail is to determine to succeed. I had always believed that one day I would play in my beloved country and with God's grace it has come to pass! A failure is a man who has blandered, but is not able to eash in on the experience. There is only one success to be able to spend your life in your own way. Success is sweet: the sweeter if long delayed and attained through manifold struggles and defeats. The secret of success is to know something nobody else knows. The greatest results in life are usually attained by simple means and the experise of ordinary qualities. These may for the most part be summed in these two: common-sense and perseverance. It is my most earnest wish that all students must strive to achieve their dreams. Here's wishing all of you all the very best in your new andeavour.
